

“Release The Music” 3-Hour Workshop

This is a workshop for the members of your congregation and community who JUST WANT TO LEARN TO PLAY THE PIANO. NO PREVIOUS EXPERIENCE OR TRAINING NECESSARY!!!

They Will Learn:

- **HOW TO CREATE MAJOR CHORDS**
- **HOW TO DEVELOP RHYTHM IN THEIR BODY**
- **WHICH CHORDS MAKE UP A KEY**
- **HOW TO MATCH CHORDS TO THE MELODIES OF SONGS**
- **HOW TO PLAY THEIR FAVORITE PRAISE & WORSHIP SONGS “BY EAR”**

The minimum student requirement is 20, and there is no upper limit. After the 20 students are registered, you will receive three scholarships for hosting the event, and an additional scholarship for every 10 students over the initial 20. Additionally, as coordinator, you will receive your choice of the Piano-By-Ear for Adults, valued at \$297.00.

The student tuition is \$99.97 PER FAMILY. This means that parents and children 12-up can attend for one tuition. All registered students will receive a “Quick Start Piano-By-Ear” digital download, (a \$47 value). This will allow them to prepare before the workshop and maximize the results.

The location of the workshop needs to be in a room with moveable chairs, so that we can put keyboards where we need to. Students don’t need to bring a keyboard, but it is helpful to them if they do. The keyboard should be one that works with batteries, or they will need to bring an extension cord for power.

This packet includes a bulletin insert that can be used to gather a list of those who are interested in your area. Otherwise, you can just direct those who are interested to go to the website and PRE-REGISTER, where they will receive a CD and DVD Download of the Workshop, for a \$10 fee. The information from this pre-registration may be all they need to begin playing even before the workshop, but the workshop will help them make sure that they understood it and everything is being done correctly. Please direct those interested in participating to register online at www.piano-by-ear.com. Look for Piano By Ear Workshops on the top Navigation Bar. Your City will be an option during the registration selection.

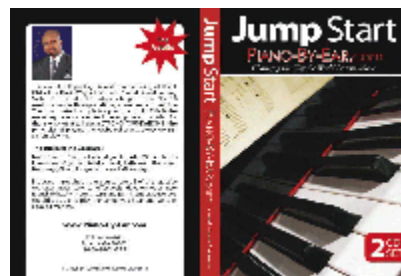

We ask that you secure room and board for the instructor, if it is necessary for us to travel out of the Atlanta metropolitan area. Residing in someone’s home is acceptable. We will handle the reservations and payment of the airfare for the instructor. You will also be responsible for transportation from the airport and movement around town during the instructor’s stay, as well as his return trip to the airport.

City Governments, Civic Clubs and Organizations can also sponsor and host a 3-Hour Piano By Ear Workshop for the people of the city and community. Workshops can be held in Libraries, Civic Centers, Schools, or any room available to hold at least 20 people. We require that the organization provide our transportation, room and

board, and pay a fee of \$3,000.00. With this arrangement, all workshop fees are paid to the sponsoring organization even though pre-registration can be done online to receive the workshop preparation materials.

A limited number of products will be available for the students to purchase at the workshop. We ask that you provide 2 people to assist at a table for those purchases. They will be trained by the Instructor 30 minutes before the Workshop, when the table is being set up. Please be prepared to supply the names of these volunteers at the time of the Workshop Confirmation Call. At that time, we will give you all of the travel information, if necessary.

If you have any questions, please call me at 404-914-1440. Thank you for your assistance in presenting this workshop to those in your community.

Minister David Wayne Lawrence

Keyboard / Piano / Gospel Music/ Praise & Worship Music

David Lawrence is a graduate of the highly accredited Oral Robert's University with a degree in Music, Theology, and minor in Psychology. David's postgraduate studies include Business Management, Leadership Development, Audio and Video Recording, from Georgia State University, Jersey City State College, the International Worship Institute and Recording Institute of America. His unique and practical approach to teaching keyboard is productively developing a legacy of *changing the way the world learns music*.

For over 25 years, David has been professionally conducting piano workshops and seminars throughout the United States, Canada, South America, the Caribbean, Southeast Asia, and England. During that period, he has fashioned a method that has enabled thousands to play the piano in a short time. Due to its rapid results, his inspirational teaching style ignites passion and creates vision in students. While he does not oppose the traditional method of reading and writing music, David strongly believes that "*while it is natural to learn to speak before you learn to read and write, so it is a more natural process to learn to play by ear before you learn to read and write music!*" In an effort to help people who desire to learn to play quickly for personal pleasure, church work, songwriting, etc., he developed the ***Rapid Piano Learning System***, so that highly motivated students can successfully fulfill their dream through a cost-effective and time-efficient method. His many HOME-STUDY COURSES can be seen at his website – www.piano-by-ear.com . Though there are no short cuts to success, David's practical and efficient approach has been proven effective without compromising the quality and integrity of the art.

This unique system makes learning to play the piano simple, fun and exciting. It will save you thousands of dollars and countless hours of practice. In a short period of time you will clearly understand chords, rhythm and keys to accompany others as they sing.
